#### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Peter Siavelis on 22 June 2006.

2. The application has been amended as follows:

Examiner notes the following changes are made to the claims after entering the After Final Amendment of 01 May 2006.

- a) Claim 21, line 6, -- that -- is **DELETED** after "the body further having a retaining recess."
- b) Claim 21, line 6, -- with a bottom wall positioned below the top wall, wherein the retaining recess -- is **INSERTED** after "the body further having a retaining recess."

3. The following is an examiner's statement of reasons for allowance:

a) The closest reference the Examiner was able to locate was JP 2000-159254. The reference teaches a retaining recess (8) but does not show the recess having a bottom wall positioned below the top surface. Furthermore, no motivation could be found to modify the reference to provide the recess bottom wall below the top surface.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
